DEPARTMENT OF TECHNOLOGY & INFORMATION
DELIVIERING TECHNOLOGY THAT INNOVATES

eSecurity News — Thank You Governor Markell!

This issue is dedicated to GOVERNOR JACK MARKELL for his incredible support of Delaware's Information Security Program over the past eight years. Governor Markell has always been a staunch advocate of all things cyber security - from creating a new Cyber Security Council; greeting Cyber Challenge Camp graduates; kicking off Cyber Security Month; meeting with State Information Security Officers; recognizing poster and Cyber Patriot winners; unveiling the DART Cyber Bus or motivating Delaware's DigiGirlz, he has been with DTI every step of the way. THANK YOU Governor for your strong and steady support!
